

"The road is a little bumpy," Mr. Carter said yesterday; "but outside of that it is in pretty good shape despite the rains."

Dog Licenses.

Treasurer Neil has issued more than 4,000 dog license tags. Basing his estimates on previous records he had no idea that there were so many dogs in the county.

Returns to the Auditor.

The time for making returns of taxable property to the county auditor without penalty expires next Monday. There are still many returns to be made.

After Chicken Thieves.

Rock Hill police broke up an organized gang of negro chicken thieves this week, when they arrested three negro boys who were caught with the goods. Richard Ruff, James Massey and James Heath pleaded guilty to stealing chickens when brought before the recorder in that city Wednesday and each was sentenced to pay a fine of \$20 or serve thirty days in prison.

County Store Robbed.

The store of Black & Dickson on York No. 1 was entered by robbers some time after midnight Saturday night, entrance having been gained by boring out two of the iron bars protecting one of the windows. A small quantity of sugar and flour and several dollars in cash was stolen. It was reported yesterday that officers are working on clues which may lead to one or more arrests.

First Case in Years.

John Crockett, escaped negro convict from the York county jail, who was recently located in Charlotte, N. C., and who has refused to return to York county without requisition is the first convict to demand requisition in the past twenty years at least. Supervisor Hugh G. Brown, who was sheriff for twelve years before Sheriff Fred Quinn was elected said the other day that he never had an escaped convict to demand requisition when caught in another state during his long tenure of office and Sheriff Quinn has never before had such an experience. There was trouble about getting Crockett back to the York county.

A Sticker for the Dollar.

Judge I. W. Bowman, of Orangeburg, who presided over the February term of the court of common pleas this week and who, by the way, made many friends among people connected with the court because of his kindness and consideration is quite a sticker for the dollar. He ordered a jury to return a verdict in a case heard Wednesday morning and after the foreman had signed the verdict, the attorney for the plaintiff in whose favor the verdict was awarded either forgot or was a little slow about handing the verdict to the foreman. The judge noticed the fact and addressing counsel he said: "All right sir, you are not quite through with that jury." Then the attorney remembered the dollar and came across while those in the court room smiled.

Attempted to Shoot Officer.

Manlius Owens of Rock Hill, is held for the April term of the court of general sessions under \$500 bond for attempting to shoot Policeman S. M. Williford in Rock Hill Wednesday morning. The difficulty between Owens and the officer occurred on Main street about 9 o'clock as Mr. Williford was going downtown. Owens tried to stop and crossing the street, accused him of making a false statement. Williford denied the accusation telling Owens that the shoe was upon the other foot. Owens then snatched out his pistol and fired afterward running into Record Alley. As soon as he could draw his pistol from under his rain coat Officer Williford returned the fire. Owens was arrested a few moments later by Constable Frank Allen. While Williford was not hit a bullet from Owens' pistol passed through his clothes.

Where Was Jackson Born?

The old controversy over whether Andrew Jackson, the idol of Democracy, was born in South Carolina or North Carolina is to be fought over in the house next Monday. Representative William F. Stevenson, of South Carolina, yesterday arranged to speak on the subject on that day and gave notice to Representative William C. Hammer, that it would be up to Mr. Hammer to combat the proof he will offer, says a Washington dispatch of yesterday. The claim that Old Hickory was born in Union county, North Carolina, Mr. Stevenson claims, is a fallacy. Representative Stevenson himself was born in North Carolina, in Fredrick county. He went to North Carolina in early manhood. Mr. Stevenson said he would prove by Mr. Jackson's own statement that his birthplace was in South Carolina. Representative Hammer is calling for proof to sustain North Carolina's claim on Jackson. He said, however, that if South Carolina won out in this contest, Tar Heels would still claim legitimate proprietorship in the great soldier statesman, as the fair daughter of North Carolina, the state of Tennessee, nurtured, sustained and developed that great American.

TWICE PROVEN.

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders don't experiment. Read this twice-told testimony. It's York evidence—doubly proven.

J. M. Brian, prop. of grocery, Lincoln St., says: "About two years ago when I was in Greenville, attending court, sitting on the bench for so many hours brought on a mighty severe pain across my back. I got Doan's Kidney Pills and began using them. The next day, my back was well and strong and the pains were all gone. I used to suffer with rheumatic trouble, too, and Doan's Kidney Pills benefited me in that case, too, relieving the pains in my knees and left leg. Doan's certainly are a splendid remedy."

LASTING RESULTS.

Four years later, Mr. Brian said: "It still gives me great pleasure to recommend Doan's Kidney Pills, for they have done me a lot of good, in fact, they have cured me of kidney trouble. I am glad to confirm my former statement."
